

Year 3 Autumn Term 1 2024

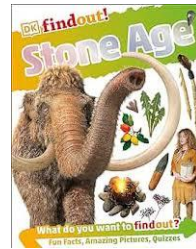

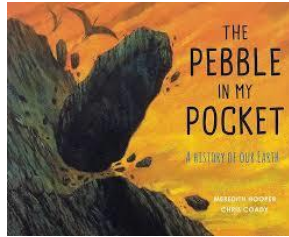

English and Reading

Our class texts will be 'The Pebble in my Pocket' alongside a selection of non-fiction texts linked to our Stone Age theme. We will be building our vocabulary knowledge and our fluency and prosody skills as well as learning how to retrieve and infer information from the text.

Our writing focusses this half term:

- Sentence structure
- Use of coordinating and subordinating conjunctions
 - Non-chronological Reports
 - Recounts

Maths

In Maths, we will be consolidating and building upon our number and place value knowledge before moving on to the four operations: addition, subtraction, multiplication and division. We will master skills and techniques before applying those skills into reasoning and problem solving questions. We will be studying:

- Number and Place Value
- Addition & Subtraction
- Multiplication & Division

PSHCE

We will continue using jigsaw where we will be focusing on developing and sustaining relationships and learning about healthy me.

Music

We will learn about texture in music as well as developing our understanding of pulse and rhythm.

We will learn to play keyboard in C position.

PE

In PE this half term, we will be developing skills through engaging in forest school activities as well as improving our health and fitness.

PE Days

Tuesday & Wednesday

History

We will be investigating artefacts that show us what life was like during pre-historical times. We will be using timelines to plot events in chronological order and investigating key changes that occurred in Britain from the Stone Age to the Iron Age.

Science

We will be studying rocks, soils and fossils and our key scientist for this half term will be Anjana Khatwa. We will find out how different types of rocks were made and their different properties. We will look at different types of soil and their composition. We will explore a range of fossils – developing an understanding of where they are found, how they were formed and what they can show us about the past.

Geography

Geography will become a focus subject as we move into Autumn 2.

French

We will focus on learning greetings and phrases to use in the classroom – Eg. Colours, instructions, classroom nouns.

Art

We will be developing our drawing, painting and print-making skills and studying successful artists within these fields to apply proven techniques to our finished pieces.

Design Technology

Design Technology will become a focus subject as we move in to Autumn 2.

Computing

We will learn about computing systems and networks, exploring digital devices and understanding how they are connected.
